**Re: EPA's Proposal for Delisting Vancouver Water Stations #1 and #4 Contamination
Superfund Sites from the National Priorities List**

Dear Mr. Szerlog:

The Washington State Department of Ecology (Ecology) has received and reviewed EPAs proposal to delist the Vancouver Water Station #1 (WS#1) and the Vancouver Water Station #4 (WS#4) from the National Priorities List.

Based on Ecology's review of the Final Close-out Reports for each Site [dated April 27 (WS#1) and June 12 (WS#4)], Ecology concurs with the proposed delisting.

If you have any questions or concerns, please contact Thomas Middleton of Ecology's Toxics Cleanup Program, South West Rest Regional Office, at (360) 407-7263 or Thomas.Middleton@ecy.wa.gov.

Sincerely,
